

Let's Learn Wudhu

I cannot remember where I got these pictures, so if they are yours, please forgive that they were not posted as yours.
Please inform me if they belong to you!

1. Print the page with the steps for wudhu. I prefer to print the pages on cardstock and then laminate them for longevity.
2. Cut out each step of wudhu into cards.
3. Give your child the cards and have your child place the cards (in order) for the steps of wudhu.
